HOW TO ESTABLISH A MNT CLINIC REOURCES

Thank you for your interest in my **How to Establish a MNT Clinic Reources**. These resources will definitely help you, but I did make a few changes in the format of it. First, I am no longer mailing a paper manual, as there are too many changes taking place too often to maintain paper versions.

So, instead, I email you my very detailed PowerPoints (in pdf format) on all of the topics and sub-topics in the manual. This means the information is very current, as I am constantly updating the content electronically!

This actually translates to you receiving 6 times **more** up-to-date and relevant information that you will find very beneficial, compared to the paper manual, **at the same price**. Below is exactly what you will receive:
